ABOUT FLEA MARKET FLIPPER

Flea Market Flipper teaches you how to make an extra \$1k, \$2k, \$5k, or even \$10k or more a month flipping all things big and small online.

ABOUT THE STEPHENSONS

Rob and Melissa Stephenson had been flipping items for years as a side gig. But they wanted something they could do together as a family.

So they turned their side hustle into a full-time, six-figure business! And in 2015, they launched Flea Market Flipper, an online course dedicated to teaching others how to flip their way to financial freedom too.
